

## FLVS Admissions and Registration Site Update

Good Day,

Florida Virtual School (FLVS) is always working to better serve our school counselor partners and all Florida students by improving our Admissions & Registration (A&R) website.

On Wednesday, April 15, 2020, an improved registration website will launch for new and returning students registering for **FLVS Flex** in **grades 6-12**. Students will enjoy an enhanced user experience with:

1. Simplified navigation
2. Organized course browsing
3. Streamlined registration steps

### What's New?

Students in **grades 6-12**, registering for **FLVS Flex**, will experience an improved registration process through [FLVS.net](https://flvs.net). Students will be prompted to create an account at the end of the registration process after viewing and selecting courses from the FLVS Flex course catalog.

### What's Different?

All students will begin their course registration in the same way as always, by registering through the "Enroll" button in the top navigation of [FLVS.net](https://flvs.net). However, students will now select their desired virtual school option at the beginning instead of later in the process, choosing from FLVS Flex, FLVS Full Time, County Virtual School, or FLVS Global School and proceed through the Admissions & Registration process to register for their desired virtual school.

### FLVS Flex

Course options with flexible start dates, available year-round.

GRADES K-12

### FLVS Full Time

A full-time public school following the traditional school year. Enrollment is open for the 2020-21 school year.

GRADES K-12

### County Virtual School

FLVS courses available through your school district.

GRADES 6-12

### FLVS Global School

Tuition-based courses for students outside of Florida.

GRADES 6-12

*Please Note: The registration process doesn't change for students wishing to register for their County Virtual School courses. Students who wish to register for their County Virtual School will continue to register through FLVS.net by County Virtual School button in the first enrollment step. However, they will not be able to switch that registration later in the process, if they accidentally start the registration process with FLVS Flex.*

## New Registration Guides

We have updated the step-by-step registration guides to help walk students through the process.

- [County Virtual School Registration Guide](#)

*Upon the new Admissions & Registration site launch, these guides can be found in the [Counselor Resource Center](#) and on the How to Enroll pages ([FLVS Flex](#) and [County Virtual School](#)).*

## What's Next?

This is the first phase of upgrading and enhancing our student registration website for FLVS Flex as we continue to improve the enrollment process. Future updates will include enhancements to registration systems for County Virtual Schools, FLVS Full Time, and FLVS Global School.

We appreciate your continued partnership. For any questions, please contact your [FLVS District Relations Manager](#).
