A bank on campus

Over the summer, VyStar Credit Union will convert room 2-26 into a branch of their bank. Next year, students will be able to open an account and take care of all their banking needs at FBHS. Students will also work at the branch and receive a high school credit in exchange. Students must apply to work with Vystar and should speak with Dr. Cosgrove as soon as possible for more details.

FBHS Takes Wing

A donation was recently made to FBHS in the form of an airplane. The 1996 Diamond Aircraft Katana can seat two passengers and has a range of about 400 miles. It features dual controls meaning it can be flown from the left or right seat. This is perfect for flight instruction and Mr. Gray hopes to integrate the plane into his courses in the future. The plane will be housed at the Fernandina Beach Airport.

College Tours

Did you know Spring Break is a great time to tour colleges? It's difficult to have a full feel for which college is right for you, if you don't tour the campus. All colleges offer tours and this information is usually found on their websites. Ask your parents if your family can make some quick overnight trips in order to check out some of the area's great college campuses. If Spring Break doesn't work and you have to miss school, FBHS will excuse the absence as long as you bring something back that proves you went on a tour.
