

Digital Learning Resources

Core Platforms

Classlink is the district's digital dashboard. Students have access to all other applications through Classlink.
<https://launchpad.classlink.com/nassau>

Canvas is the district's learning management system. A Learning Management system contains lessons, assignments, discussions and other resources assigned by your teacher.
Available through Classlink

Focus is the district's student information System. Students use Focus to check schedules, view grades and print report cards.
Available through Classlink

Microsoft Office365 is the district's productivity platform. Students and teachers can create, share and collaborate on documents.
Available through Classlink

Microsoft Teams is an online video conferencing app.
Available through Classlink

Google GSuite for Education is also available to students for file sharing and collaboration.
Available through Classlink

Device Care

Charge your device every night.

Keep your device clean and dry. This will ensure your device is usable all year long.

Keep your device up-to-date. Installing available updates will keep your device secure and running smoothly.

Take care of your device. The device has been assigned to you, treat it as you would your own device.

Technical Support incidentIQ™

Students should submit all technical support requests through the district helpdesk. If you are unable to complete the support request through IncidentIQ, you should contact your teacher to submit a request for you.
